

RUNNING WITH A FULL MOON 4:10

By Erick Hovey

Lie awake, on silver nights
Walk my soul around the park
In the moon light

Shrouded moon, and shallow mist
Where souls meet the shadows
In a shinning tryst

In the fire, of moonlit dawns
You can see the souls you depend upon

CHORUS: (Repeat 2 times)
Ooo, runnin with a full moon
Ooo, runnin with a full moon tonight

Still of night, still awake
On a night watch of tears
And heartache

In my dreams, where I still reign
Dawn's moon falls
And I sleep again

Half a dream, went as daylight shone
My dream is long, I lie awake alone

CHORUS: (Repeat)
