

By Erick Hovey

Drivin around in my automobile
Checkin history in the rear view mirror
A ton of steel and power to spare
Doin 60 in second gear

Bondo, bondo putty and tar
Makin up half of my rusty car

Gimme the title and gimme the keys
Put in the gas and I'll pay the fees
The shocks are gone and the tires bare
I got no heat and I got no air

CHORUS:

Bondo bondo putty and tar
Makin up half of my beautiful car
I gotta tell ya just how I feel
I just love my automobile

My old car means a lot to me
Behind the wheel when I turn that key
I can see the road right through the floor
Ya know the light stays off when you open the door

CHORUS:
