

## HALF DEAD 3:14

By Erick Hovey

Just had to go looking, and history came to light  
Got a hole in my heart, where there used to be a life

As the years fall away I'm a haunted man  
As the years fall away I'm a tortured man  
As fate hacks away at a yielding vine  
I know I'll be half dead till the day I die  
Gonna be half dead till the day I die (2times)  
Half dead inside, till the day I die

*CHORUS:*

Don't go lookin, Don't know what you'll find (3times)  
Might find yourself half dead, till the day you die

I had to remember, the perfect lives  
Now I dream of afterlife, while I survive

As the years fall away I'm a haunted man  
As the years fall away I'm a tortured man  
As fate hacks away at a yielding vine  
I know I'll be half dead till the day I die  
Gonna be half dead till the day I die (2times)  
Half dead inside, till the day I die

*CHORUS:*
