

EMPATHIZE 3:30

By Erick Hovey

CHORUS:

Empathize, karmic lives
Golden rule, it's what you do

You know what makes you feel good
When your treated right
All you have to know, while you live your life
It's the law of retribution, you know it might be true
A golden mean for the human race, it comes right back to you

CHORUS: (2 times)

Your doin me no favor, when you tell me what to do
Tellin me what to think, I don't do that to you
It's the law of retribution, you know it might be true
All you have to know while you live your life
It's gonna come right back to you

CHORUS: (8 times)
