

SHAKE THAT THANG 3:10

By Erick Hovey

Shake that thang (4 times)

CHORUS:

Hey, hey, hey, when ya move that way
You make my heart beat, take my breath away
My cool gets hot it's the circumstance
I loose control when I see you dance
I said shake that thang. Shake it

I didn't get excited, when ya walked into the bar
Nothin special happened, when you drove me in your car
We were getting on OK, I thought we'd just be friends
But you took my soul, I lost control, when I saw you dance

CHORUS:

Shake it in the parking lot, shake it at the door
Shake it on the tables baby, shake it at the bar
Your getting my attention, as you move across the floor
But ya took my soul, I lost control, when I saw you dance

CHORUS:

Shake it (9 times)

CHORUS:
