

**TORE ME APART** 4:00

By Erick Hovey

Woke up this morning, she was sweet  
Day went on she got mean, mean  
Left me here head in my hands  
Left to rust like an old machine

CHORUS:

Well she lied, cheated  
Look how I've been treated  
Tore me down, stomped on my heart  
Took all my money and tore me apart, tore me apart

Left me here head in my hand  
Long list of rude demands  
Cold cash in her hand  
Left me here head in my hands

CHORUS:

She come back for the rest of my things  
When I get more she be back again

CHORUS:
